

SENKO

SENKO GROUP® Advanced Components

Micro LC

Bayonet Style Connector

FEATURES

- Compatible to generic LC
- Significant space saving on back end of faceplate
- High density
- Simple bayonet mechanism
- Cost effective
- IEC Grade B compatible

APPLICATIONS

- FTTH, FTTA
- On board optics
- Test equipment
- Plug and Play module

The unique combination of small size and bayonet style connectivity makes the Micro LC Connector the right choice for BTW applications. The Micro LC Solution is a complete family of products designed to offer the optimal, high-density solution for private and public networks.

Stackable adapters

Space saving

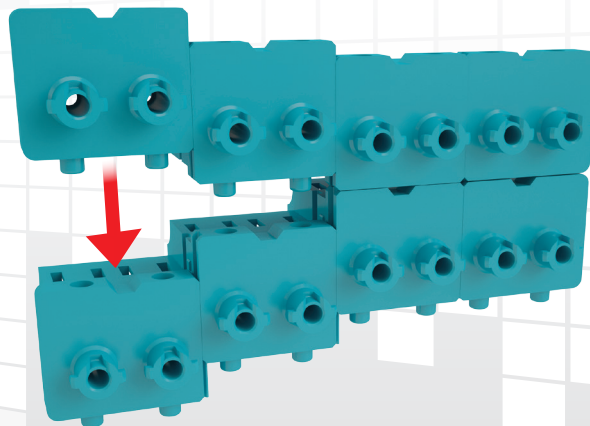

Space saving 31mm

LC Stackable Adapter Components

Introducing the new Senko Micro LC Stackable Adapters. You can stack them vertically & horizontally as many as you need.

Micro LC Stackable

60% increase in density

Because of the Senko Micro LC small size, it eliminates the need for finger access to the LC connectors latch mechanism, therefore LC adapters can now be mounted much closer than spacing required in the past.

High Density Cassette with Micro LC Stackable adapter

Use the Micro LC Stackable adapter to create a staggered array to assist with fiber management in densely populated panels/cassette
